Towing businesses rely a great deal on phone traffic. As a rule of thumb, 70% of these callers are placed on-hold. The Towing On Hold Profit System can convert this hold-time into a powerful opportunity to upsell, cross promote, highlight specials and lesser known services.

Here's what the Towing on Hold Profit System can do for your shop:

1. Emphasize the importance of having skilled technicians take care of their vehicle.
2. Greatly reduce hang-ups – thus increasing your overall revenue.
3. Enhance your overall business image.
4. Answer caller's common questions – hours, website, location, etc. (This will free your staff up for more important questions and inquiries.)
5. Emphasize your experience, safety record, and history.
6. Brag about your shop's reputation, history, community involvement and specials. Use your hold-time to tell callers about your loaner car program, or well-equipped waiting room.
